

EAOM 2018: notification for abstract 4067703

'EAOM 2018 Abstract Services Department' <eaom2018@meetx.se>

qua 23-05-2018 11:30

Para:catarinapinto@outlook.com <catarinapinto@outlook.com>;

Dear Ana Catarina Pinto,

Thank you for submitting your abstract for **EAOM 2018 in Gothenburg, Sweden**.

On behalf of the EAOM 2018 Local Organising Committee, we are pleased to inform you that your abstract entitled:

Oral cancer and potentially malignant lesions: knowledge, attitudes and practices of portuguese dentists

has been accepted for a **poster presentation**

The full details regarding day and time for your oral presentation or poster viewing session during the conference will be sent to you at the latest August 31st.

Presenting author must have registered for the congress and paid the registration fee before the Early Bird registration deadline, to be allowed to present the abstract at the congress, and for the abstract title to appear in the congress programme. Each presenting author is allowed to present only one abstract (poster or oral presentation). If the presenting author has not yet registered, please register on the EAOM's web site: <http://eaom2018.se/> no later than Early Bird registration deadline, June 18th.

The abstract is now closed for editing by the authors. If changes need to be done such as changing of the presenting author, please send an email to eaom2018@meetx.se. The authors agree that their abstract may be published on the website in the online congress program and, if so decided by the EAOM Board, in a scientific journal.

When designing your presentation or poster, remember that attendees may be viewing it from a distance and do adjust the font size and pictures according to this. All presenters are required to include any conflict of interest disclosures.

An **oral scientific presentation** is given 10 minutes for presentation and additional 3-4 minutes for discussion.

An **oral case presentation** is given 5-6 minutes for presentation and additional 3 minutes for discussion.

The **poster** title has to correspond to the title of the submitted abstract. Please note, that the poster board takes an A0 poster in 'Portrait' (vertical) format (A0 measures 841mm wide x 1189mm high). No audio-visual equipment is allowed at the posters.

If you have any questions, please do not hesitate to contact the Abstract Organiser at the PCO Meetx by e-mailing eaom2018@meetx.se

Welcome to Gothenburg!

Yours sincerely,

Bengt Hasséus
Local Organising Committee
