

EUROPERIO 7

7th Conference of the European Federation of Periodontology

FINAL PROGRAMME

June 6–9, 2012
VIENNA, Messe Wien

www.europerio7.com

TUESDAY, JUNE 5
 WEDNESDAY, JUNE 6
 THURSDAY, JUNE 7
 FRIDAY, JUNE 8
 SATURDAY, JUNE 9
 POSTERS
 FACILITY ACTIVITIES
 SPONSORS & EXHIBITORS
 NAME INDEX

Clinical Research: Diagnosis and risk factors
P0632 | A retrospective analysis of influence of the glycemic controlled on periodontal disease severity
 M. Bazzoli, B. Boharin, S. Z. Omar, A. Mohd Husain (Malaysia)

Clinical Research: Diagnosis and risk factors
P0633 | Specific and sensitive *hmy7*-based primers and real-time PCR for identification of Porphyromonas gingivalis
 A. Gajdosik, H. Wójciszewski, M. Rodwan-Oczko, M. Chomyszyn-Gajewska, M. Kantorowicz, T. Olczak (Poland)

Clinical Research: Diagnosis and risk factors
P0634 | Retrospective correlation of clinical and radiographic parameters in patients with aggressive periodontitis
 M. Beldock, N. Ziemer, F. Ghannad, A. Lawo, D. Hagenfeldt, T. S. Kim (Germany)

Clinical Research: Diagnosis and risk factors
P0635 | Retrospective correlation of clinical and microbiological parameters in patients with aggressive periodontitis
 N. Ziemer, M. Beldock, F. Ghannad, A. Lawo, T. S. Kim (Germany)

Clinical Research: Diagnosis and risk factors
P0636 | Evolution of bone level around endodontically treated teeth compared to contra-lateral teeth without root canal treatment in periodontitis patients
 A. Kaya-Tuzuner, S. Simsek (Turkey)

Clinical Research: Diagnosis and risk factors
P0637 | A 10 year follow-up examination of periodontal status in young adults with insulin dependent diabetes mellitus (IDDM)
 M. Holmlund, B. Sjödin (Sweden)

Clinical Research: Diagnosis and risk factors
P0638 | Recurrence gingival enlargement of Behçet disease: a case report
 G. Ünal-Kocaman, E. Kermen, D. Özkol, R. Orbak (Turkey)

Clinical Research: Diagnosis and risk factors
P0639 | Comparison of HNP-3 and IL-1 in Smoker and Non-smoker Patients
 H. Saban, A. Dikilitas, A. Erigünlü (Turkey)

Clinical Research: Diagnosis and risk factors
P0640 | Gingival biotype assessment: visual inspection relevance and maxillary versus mandibular comparison
 M. Hochreiner, M. Leraul, J. Demoersman, L. Leguehennec, A. Soueidan (France)

Clinical Research: Diagnosis and risk factors
P0641 | A New Method to Document Palatal Gingival Recessions
 K. Tabbara, A. Pabst, J. Laschen, A. Ross, H. Scheller, A. Kasaj (Germany)

Clinical Research: Diagnosis and risk factors
P0642 | In Vivo Microvascular Alterations of Marginal Gingiva in Health and Disease
 S. Ural, B. Oduncuoglu, E. Alodundoglu, H. Kara, D. Sahin (Turkey)

Clinical Research: Diagnosis and risk factors
P0643 | The relationship between periodontal disease and atherosclerosis from the viewpoint of the community periodontal index of treatment needs, cardiovascular disease risk and arterial stiffness: preliminary study
 S. Demir, M. Tulmaz, O. Sahin, E. Olgun Erdemir, M. Hendek, B. Ayilci, H. Colak, M. Eginer, V. Simsek, H. Ebinc (Turkey)

Clinical Research: Diagnosis and risk factors
P0644 | Variations in the clinical sulcus depth of healthy human gingiva measured with electronic probe
 C. Barata, Z. Bodran, J. Demoersman, X. Strulovs, A. Soueidan (France)

Clinical Research: Diagnosis and risk factors
P0645 | Local effects of cigarette on periodontal health in smokers
 S. Fozdar, T. Alhok, K. Eren (Turkey)

Clinical Research: Diagnosis and risk factors
P0646 | Identification of possible determinants in periodontal status of type 1 diabetic children
 A. Costa, V. Alves, B. Silva, L. Tavares, F. Caramelo, T. Gonçalves, A. Mironite, R. Corvalho, J. Ramos, J. Abreu, M. Rosa (Portugal)

Clinical Research: Diagnosis and risk factors
P0647 | Effect of smoking on total antioxidant capacity, total oxidant status and lipid peroxidation levels in serum and saliva in patients with chronic periodontitis
 O. Sarac Atoglu, E. Bolcaloglu, P. Gökler, A. Akar, F. Bolatbayeva, M. Altun-Kabirler, G. Aydin (Turkey)

Clinical Research: Diagnosis and risk factors
P0648 | Efficacy of tobacco cessation promotion (TCCP), in a private practice, prior to periodontal surgery
 S. Ghislanzoni, L. Gaudioso, L. Bonino, M. Rocuzzo (Italy)

Clinical Research: Diagnosis and risk factors
P0649 | Influence of adult attachment on periodontal disease – a pilot study
 C. Gatzert, D. Senf, J. C. Ehrhardt, K. Fawzy El-Sayed, K. Semar, C. Springer, W. Herzog, C. Dörler (Germany)

Clinical Research: Diagnosis and risk factors
P0650 | Dental extractions in patients treated with intravenous bisphosphonates and risk of osteonecrosis of jaws: presentation of a preventive protocol and case series
 E. Gaudin, L. Hariza, F. Lambert, G. Lecloux, E. Rompen (Belgium)

Clinical Research: Diagnosis and risk factors
P0651 | TNFR and MMP-9 Gene Polymorphisms in Chronic and Aggressive Periodontitis in Turkish Population
 M. Yılmaz, I. Corumluoglu, G. N. Gurcu, E. Bolcaloglu, E. Durzun, E. Sakunglu, E. Karabulut, S. Sumur, F. A. Akalin (Turkey)

Clinical Research: Diagnosis and risk factors
P0652 | Proteomic and Microbial Profiling of human cervico-vaginal fluid and saliva of pregnant women throughout gestation
 M. Lassacher, M. Strahlhofer-Augsten, B. Perl, W. Wegscheider, G. Wimmer (Austria)

Clinical Research: Diagnosis and risk factors
P0653 | Oral Piercing: Periodontal and Microbiological Findings
 L. Kasper, R. Persson (Austria, United States Of America)

Clinical Research: Diagnosis and risk factors
P0654 | The relationship of alcohol consumption with periodontitis in Brazilian Indians
 M. Nasariman, P. Cury, H. Lopes (Brazil)

Clinical Research: Diagnosis and risk factors
P0655 | Quantitative Analysis of Alveolar Bone Level using AutoCAD Software
 Y. Qiao, X. Sun, X. Yan (China)

Clinical Research: Diagnosis and risk factors
P0656 | Effectiveness of malic acid 1% (Xeros Dental Spray®) on the Dry Mouth Questionnaire (DMQ) in patients with denture-induced xerostomia
 S. Gomez-Moreno, J. Guardia, A. Aguilar-Solventera, M. Cabrera-Ayala, J. L. Calvo-Guirado (Spain)

Clinical Research: Diagnosis and risk factors
P0657 | Influence of the variable age for long-term tooth retention after 15 years of periodontal supportive therapy (SPT)
 M. Kahl, S. Schätzold, C. Springer, K. Fawzy El-Sayed, A. Rühling, T. Kocher, C. Dörler, C. Grotz (Germany)

Clinical Research: Diagnosis and risk factors
P0658 | Genetic and dietary impact on multifactorial etiology of aggressive and chronic periodontitis: data from a Polish cohort of patients
 A. Kowalik, A. Kurhajtska-Flyskowska, M. Wygonowska-Swiatkowska, M. Wozniakiewicz, J. Jeszko, J. Stopa, J. Bajerska (Poland)

Clinical Research: Diagnosis and risk factors
P0659 | Relationship between Psychosocial Stress and Periodontitis in a Prisoner Population
 E. Gatzwald (Hungary)

Clinical Research: Diagnosis and risk factors
P0660 | Subjective effectiveness of malic acid 1% (Xeros Dental Spray®) in patients with antidepressants-induced xerostomia
 A. Aguilar-Solventera, J. Guardia, J. L. Calvo-Guirado, M. Cabrera-Ayala, G. Gomez-Moreno (Spain)

Clinical Research: Diagnosis and risk factors
P0661 | The bleeding site: a multi-level analysis of associated factors in a cohort of 500 patients
 E. Fozzani, C. Tomasi, M. E. Guarnelli, M. Pramstroler, L. Trombelli (Italy, Sweden)

Clinical Research: Diagnosis and risk factors
P0662 | BMI and periodontal risk, Association study
 R. Naves-Carvalho, I. Alves, R. Passos, G. Rapp (Brazil, Canada)

Clinical Research: Diagnosis and risk factors
P0663 | Migration of a dental implant into the maxillary sinus: case report
 M. Gazi, M. Aydinbelge (Turkey)

Clinical Research: Diagnosis and risk factors
P0664 | Diagnosis and Measurement of Gingival Recession and its Relation to Clinical Skills
 L. Vitti, A. Abella, F. Matas, C. Mendatta (Spain)

Clinical Research: Diagnosis and risk factors
P0665 | Intronic Single Nucleotide Polymorphisms rs1537415 and Generalized Chronic Periodontitis
 U. Peters, A. Klacko, S. Ritzmann, T. Flemmig, T. Becker (Germany, United States Of America)

Clinical Research: Diagnosis and risk factors
P0666 | Detection of JP2 and non-JP2 clonal types of Aggregatibacter actinomycetemcomitans in clinical samples analyzed at the microbiological laboratory in Dental School in Umeå, Sweden
 E. Claesson (Sweden)

Clinical Research: Diagnosis and risk factors
P0667 | Holographic evaluation of gingival retractions
 C. Sinescu, S. Stancu, M. L. Negrutiu, A. De Sabota, M. Romanu, I. Feiler, D. Rusu (Romania)

Clinical Research: Diagnosis and risk factors
P0668 | Infraorbital defects outcomes and healing process after impacted third mandibular molar extractions in young adults
 A. Faria, M. Galas, M. López, E. Crespo, G. López, I. Nuñez (Spain)

Clinical Research: Epidemiology and delivery of care
P0669 | Evaluation of periodontal state in Polish population – an epidemiological study
 E. Górka, T. Koropka, E. Dembowska, M. Pietruska, J. Wysocka-Miszczak, M. Wlosowicz (Poland)

Clinical Research: Epidemiology and delivery of care
P0670 | The prevalence and distribution of periodontal disease in Japanese adults, covering 25 years
 S. Sakaki, R. Takahashi, Y. Numoto, H. Okamoto (Japan)

Clinical Research: Epidemiology and delivery of care
P0671 | Prevalence of Gingival Recessions in Chronic Periodontitis Patients: A Retrospective Study
 A. Stanca, C. Cioban, C. Bondar, A. Roman (Romania)

Clinical Research: Epidemiology and delivery of care
P0672 | Frequency of root-filled teeth and quality of endodontic treatment in a chronic periodontitis population: a retrospective analytical study
 C. Cioban, A. Stanca, A. Petru, D. Cordor, A. Roman (Romania)

CERTIFICATE OF ATTENDANCE

This is to certify that

Ana Costa

has participated in the

EUROPERIO⁷

**7th Conference of the European Federation
of Periodontology**

from June 6 to 9, 2012

VIENNA, Austria, Messe Wien

EuroPerio7 has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME), an institution of the European Union of Medical Specialists (UEMS), to provide the following CME activity for medical specialists.

The conference is designated for a maximum of 17 European CME credits (ECMEC).

EuroPerio7 ist für das Zahnärztliche-Fortbildungs-Programm der ÖZÄK mit 29 Fortbildungspunkten anerkannt.

Each medical specialist should claim only those credits that he/she actually spent in the educational activity.
One half day = 3 CME credits (UEMS) | 45 minutes = 1 Fortbildungspunkt (ÖZÄK)

Gernot Wimmer
EuroPerio7 Chairman
